## **Backstreet Boys - Time**

Tom: Bb

I know that I, I can't believe Just what the path has brought me To the man I wanna be And I know that we have had some times That we can't forget the struggle Cause we have so far to go I know we have changed but, Change can be so good So let's not forget why it's understood that?

CHORUS

Time Look where we are And what we've been through Time Sharin' our dreams Time, it goes on and on everyday, baby Time is what it is come what may

## Acordes

I remember when mom used to say That things are getting better And you'll soon be on your way Remember those days, that we would sing at The drop of a dime Way back when nothing else mattered Oh, I know we've changed but, Change can be so good Oh, so let's not forget why it's understood that?

CHORUS - repeat

So here we are And we'll always stay together And through it all you know We owe it all to you, you, you and you (Time goes on, never stops, it keeps on)

CHORUS - repeat 2X

Time, it goes on and on everyday Time is what it is, come what may, come what may.....
