Bad Religion - Adams Atoms

Tom: G Intro: Em D Some live, some die G D C Everybody wonders why we're here should even try D C G G Philosophies lost in the night Verse1: D A beacon in the distance, you gotta turn around D G Its vestige deeply flickers in elocution sound D G The modernist chronometer uptining underbound С D Pretensions of a higher ground Chorus1: C Em Higher ground G D Em Intro: spective paradise found C Em G D Em Adam's atoms resound

Verse2:

The economy of nature, the dead and shallow graves The particles of happiness elude us in their names

Acordes

Eternal is the night and day

Chorus2: Night and day Omnipresency those who fade Adam's atoms remain

Break: Em D C G D C G D G

Verse3: The righteous opposition has led us all astray One side against the other, one loses one reclaimed And if reconciliation eludes us every day Then will we ever find a way?

Last Chorus: C Em Find a way G D Em Not without religion as gaze C Em G D Em Adam's atoms remain C Em G D Em Adam's atoms betray C Em G D Em Adam's atoms remain
