

Bad Religion - Gods Love

Tom: C

G Bb Eb
Striking at mental apparitions
G Bb C
Like a drunk on a vacant street
G Bb Eb
Silently beset by the hands of time
G Bb C
Indelicate in its fury
G Bb Eb
An aberrant crack as skeletons yield
G Bb C
To unrelenting gravity
G Bb Eb
While viruses prowl for helpless victims
G Bb C
Who succumb rapidly

G Bb
(Tell me!) Tell me; where is the love?

F
In a careless creation
C
When there?s no ?above"
G
There?s no justice
Bb
Just a cause and a cure
F
And a bounty of suffering
C
It seems we all endure
Eb
And what I?m frightened of
F G
Is that they call it ?God?s love"

G Bb Eb
Twisted torment, make-believe
G Bb C
There?s a truth and we all submit
G Bb Eb
?Believe my eyes," my brain complies
G Bb C
To all that they interpret

G Bb
(Tell me!) Tell me; where is the love?

F
In a careless creation
C
When there?s no ?above"
G
There?s no justice
Bb
Just a cause and a cure
F
And a bounty of suffering
C
It seems we all endure
Eb
And what I?m frightened of
F G
Is that they call it ?God?s love"

G Bb Eb F
I know there?s no reason for alarm
G Bb Eb F
But who needs perspective when it comes to pain and harm
G Eb F Eb C
We can change our minds; there?s a better prize

But first you?ve got to?
G Bb
(Tell me!) Tell me; where is the love?

F
In a careless creation
C
When there?s no ?above"
G
There?s no justice
Bb
Just a cause and a cure
F
And a bounty of suffering
C
It seems we all endure
Eb
And what I?m frightened of
F G
Is that they call it ?God?s love"

Eb Bb Eb
They call it God?s love
Eb G Eb
My pain is God?s love
