G C D Eb Bb F

G C  
Not long ago, and yet the image is so vague  
D Eb Bb F  
I hesitate to label it a memory  
G C  
There was a show of local color and I felt astray  
D Eb Bb F  
Cause I had nothing to offer but insufficiency

Eb F  
And you know that it's a bitch  
Eb F  
When you learn to scratch that itch  
Eb F  
Of blatant fallibility  
Eb F  
Sooner to some, but eventually  
Eb F  
All gets pointed in the same direction  
Eb F  
While the human masses and their vague conceptions  
Eb F  
Obliterate each other with impunity  
Eb F D  
And you wonder, "What's in this for me?"

G Bb F  
To another abyss  
G Bb F  
To no avail  
G Bb F  
The search is bound to fail  
D G Bb F  
To another abyss  
G Bb F  
To no avail  
G Bb F  
So long ago I set sail  
Eb D  
And it chills me to the bone  
C F G Eb Bb F  
That I'm so far away from home  
G Eb Bb F  
To another abyss

Apos o refrão tem um solinho:

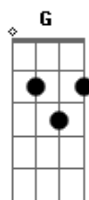

G C  
So what should I do now? What should I celebrate?  
D Eb Bb F  
Given finite means and a penchant to depreciate

G C  
How can I still avow and depend upon a state  
D Eb Bb F  
That cares nothing for my happiness, welfare, or fate?

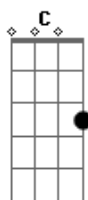

Eb F  
And I know I can't explain  
Eb F  
The commotion in my brain  
Eb F  
Like a terrifying reality  
Eb F  
Deconstructed but inadequately  
Eb F  
All gets pointed in the same direction  
Eb F  
While the human masses and their vague conceptions  
Eb F  
Obliterate each other with impunity  
Eb F D  
and release the weight of history

G Bb F  
To another abyss
