

## Bad Religion - Too Much To Ask

Tom: **C**

Intro: C-Riff-**E** x3 then C-Riff2-E(H)

Riff: Riff2:

E(H)

a refreshing plunge,

G(H)

a drink of palatable water,

**D** E(H)

a deep inspiration on a warm summer day,

a safe stroll in a middle of the road community,

a neighbour who in times of need will not turn away,

**C** **E** **C** **E**

I ain't no politician, I am a citizen,

G(H)

and I wonder if I'm living too far out of bounds

community protection, rehabilitation,

police that serve without legitimate right to main,

global awareness, ecological guilt,

cultural and environmental awakening,

I ain't no optimist, I try to be a realist,

and I think that we're living too far out of bounds,

**C** **E**

is it too much to ask?

**C**

could it be the earth is shrinking?,

I can see the walls closing in,

**D**

no one can take much for granted anymore

remote control, three cars for every family,

corruption at the expense of the simple majority,

a violent clash, a plunder of the third world,

any wretched ploy that bolsters our economy,

I ain't no blind supporter, I'm a conscious citizen,

and I know that we're living too far out of bounds,

is it too much to ask?

could we keep the earth from sinking?,

I'm not taking nothing for granted anymore
