Tom: C  
Intro: C-Riff-E x3 then C-Riff2-E(H)

Riff: Riff2:

E(H)  
a refreshing plunge,  
G(H)  
a drink of palatable water,  
D E(H)  
a deep inspiration on a warm summer day,  
a safe stroll in a middle of the road community,  
a neighbour who in times of need will not turn away, E  
C E C E  
I ain't no politician, I am a citizen,  
G(H) D  
and I wonder if I'm living too far out of bounds

community protection, rehabilitation,  
police that serve without legitimate right to main,

global awareness, ecological guilt,  
cultural and environmental awakening,  
I ain't no optimist, I try to be a realist,  
and I think that we're living too far out of bounds,  
C E  
is it too much to ask?  
C G D  
could it be the earth is shrinking?,  
I can see the walls closing in,  
D C G  
no one can take much for granted anymore

remote control, three cars for every family,  
corruption at the expense of the simple majority,  
a violent clash, a plunder of the third world,  
any wretched ploy that bolsters our economy,  
I ain't no blind supporter, I'm a conscious citizen,  
and I know that we're living too far out of bounds,  
is it too much to ask?  
could we keep the earth from sinking?,

I'm not taking nothing for granted anymore
