

# Bad Religion - Turn Your Back On Me

Tom: G

(intro) A C D A C D A C D G

I've been searching for so long  
now the search party is gone  
won't somebody tell me what the hell went wrong  
we started out so strong

(A C D A C D A C D A C D)  
I never wanted to hurt you  
I didn't plan to desert you  
I couldn't possibly express how much I care  
So turn your back on me

( G D Am C D G D Am C D G D Am C D G D Am C D )  
Come on turn your back on me  
To survive turn your back on me  
we're the same as far as I can see  
so come on turn your back on me

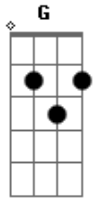

( G )

If I could I would stand outside myself  
And pretend that I was looking back at somebody else  
If I could do it again would I merely defend it all to the end?  
or do the ends justify themselves?

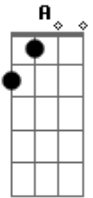

(A C D A C D A C D A C D)  
I never wanted to hurt you  
I didn't plan to desert you  
I couldn't possibly express how much I care  
So turn your back on me

( G D Am C D G D Am C D G D Am C D G D Am C D )  
Come on turn your back on me  
To survive turn your back on me  
we're the same as far as I can see  
so come on turn your back on me
