

Bad Suns - Pretend

```
Tom: E
                                             F
Sometimes I wish that we could all forget
E Gb E
Your figure fades into a silhouette
B Gb E
But I hear you breathing
B Gb
          Ε
I'm done believing
We're painting portraits but the canvas is blank
                  Gb
If this life is a gift then who do we pay?
Abm Gb
                        Е
You're desperate for the answer
Abm Gb
It eats at you like cancer
                           Gb
Tonight won't ever end can we pretend, pretend, pretend E B Gb
We'll paint the walls instead and I'll pretend, pretend,
pretend again
                        Gb
Your head is filled with unproven thoughts
                  Gb E
Twisting theories into bigger knots
B Gb E B Gb E
And I feel you dreaming, you're done believing
\operatorname{Try} to avoid us but I'm weak to the bone
E Gb E
My inner compass points me to the unknown
                       Gb F
But I still keep running faster
Abm Gb
```

Acordes

```
Yea someday I'll find the answer
Tonight won't ever end can we pretend, pretend, pretend {\sf E} {\sf Gb}
                 В
                                     Gb
We'll paint the walls instead and I'll pretend, pretend,
pretend again
E Abm Gb
Ooooooh, pretend, pretend, pretend
                  В
We'll paint the walls instead, and I'll pretend, pretend
pretend again
           Abm
I wanted to know you
   Gb
Though I still don't know myself
               Abm
I've got so much to show you
                              (E Abm Gb E)
       Gb
Won't you show me the way out
Tonight won't ever end can we pretend, pretend, pretend E B Gb E
I don't want this to end so I'll pretend, pretend, pretend
Ooooooh, pretend, pretend, pretend
Tonight won't ever end can we pretend, pretend, pretend
instead
Lights turn low
Lights turn low cuz
I don't want to see this ghost so
        Gb
Can I just pretend pretend pretend instead
