[Verses]

E Dbm
It's late and I'm awake
Abm
Staring at the wall
B
Open up my window
Ebm E
My head floats out the door

Dbm
No one else around
Abm
And a shimmer takes my eye
B
I lift my head
Ebm E
I'm blinded by the sky

Dbm
Feel my weight in front
Abm
Following the sound
B
It moves away so fast
Ebm E
I fall down to the ground

Dbm
I know there's more to come
Abm
Jump back to my feet
B
And I only see ahead of me
Ebm E
Chasing down the street (down the street)

E Dbm Dbm

Gave my love to a shooting star

But she moves so fast

When she falls then

I'll be waiting
