Everlasting self-pity , I confess

It comes and goes, and later on
  F7M
The sun ran away from me
Am                              F       F-
Stars and ghosts, emphasize the colorless city
            Dm7
 I guess I?m in the Ghost Town
             F  Fadd9
Leaning against the wall
               C7M
While everybody is dancing on their own
  C#m-      Dm7
No one clapping in time
             F  Fadd9
Neither looking in the eyes
        C7M
And so it goes
            Bb         F
I don't want to be static
        C7M
Waiting for you
C7M
Someone told me
          C#m-        Dm7  F  Fadd9
Soon it will all make sense
          C7M
I?m not getting younger

So how many stumbles until we walk straight?

The sun rose for me
E7                            F        F-
Shining, it comes to emphasize that the colorless was me
