Bahsi - Small Talk

tom:
Bm (forma dos acordes no tom de Am)
Capostraste na 2ª casa

```
            Am                      F
She said I'm not into small talk
Am            F
Talk to your own folks
D7            F
She?s staring at the window
D7            G
She?s staring at the window
Am                      F
Every word seems like a dumb word
Am                    F
When I'm trying to impress her
D7            F
'Cause she's a step ahead now
D7      A
She's a step ahead

         F
I say please talk to me
              Am          G
Do you wanna drive to another town?
     F
Can we go, please?
          Am       G
I'm not tired at all
          F
She said jeez you freak
            Am          G       F
You should work on your insecurity

But side by side
              Am    G   F
You?re freak like me

Am                    F
Take a look before it falls apart
Am                    F
All this youth going down the drain
D7            F
And she's a step ahead now
D7        G
She's a step ahead

          F
I say please talk to me
              Am          G
Do you wanna drive to another town?
     F
Can we go, please?
          Am       G
I'm not tired at all
          F
She said jeez you freak
            Am          G       F
You should work on your insecurity

But side by side
              Am      G
You?re freak like me

F             Am    G
She despises small talk
F             Am    G
She despises small talk
F             Am    G
She despises small talk

         F
I said we should go now
         Am          G
I said we should go now
         F
I said we should go now
         Am          G
I said we should go now

         F
I said we should go now
         Am          G
I said we should go now
         F
I said we should go now
    Am     G    F  Am
Go now, go now

         G            F   Am
I said we should go now
         G            F
I said we should go now
```
