

Bahsi - Small Talk

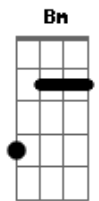

tom:
Capostrate na 2ª casa

She said I'm not into small talk
Talk to your own folks
She's staring at the window
She's staring at the window
Every word seems like a dumb word
When I'm trying to impress her
'Cause she's a step ahead now
She's a step ahead

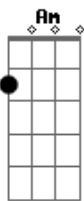

I say please talk to me
Do you wanna drive to another town?
Can we go, please?
I'm not tired at all
She said jeez you freak
You should work on your insecurity
But side by side
You're freak like me

Take a look before it falls apart
All this youth going down the drain
And she's a step ahead now
She's a step ahead

Go now, go now
