Baina - Remember

```
                        tom:
                   C

           C                      F
Hey, I've heard you're sad
         Em
Now I'm here
           Dm
May I be small
                   C
But my heart is big

                      F
Don't matter the past
               Em
I want you the best
              Dm
Come home with me
                         C
A happy ending it will be
             F        Em
Sorry if I hurt you
               Dm  C
It was not in my plans
             F        Em
Sorry if I made you cry
             G  C
Let's just try again
                   F
Remember the moments
             Em
We used to smile
                Dm
Remember the feeling
                      C
You've had for me for a while
                   F
I want you in my future
```

```
                   Em
Don't be afraid
                 Dm
Take my hand
                               C
And please give me one more chance
                         F          Em
I never wished to you go away
                         Dm        C
Never wished to lost you this way

                              F             Em
I'll love you to the infinity and beyond
                     G    C
Let's just try again
                    F   Em
Remember the moments
                 Dm  C
Remember the feeling
                  F   Em
Remember my hug
                Dm  C
Remember my kiss
                        F
Everything will be ok
                    Em
With you I can be
                   Dm
The strongest man
                         C
This world will ever see
                    F   Em
Remember the moments
                 Dm  C
Remember the feeling
                 F   Em
Remember me
                  Dm  C
Please come back to me
