

# Banda Universos - If You Wanted

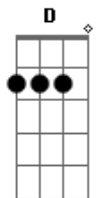

tom:  
Intro: Bm G D A

When you move away from me  
And don't let me Hear your voice  
When only silence remains  
It hurts me more  
Every Day You push me away  
And you don't even notice  
When did this all start?  
All that i want

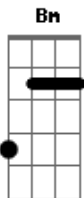

Is to Break the Walls you raised  
But your silence is enough to drive me crazy  
If you wanted to hurt me, you did  
If you wanted to see me cry, you did  
Can't you see, that all of this  
Will hurt you too  
Because i'm one with you

Thats Who i am  
Because i'm one with you  
Thats Who i am  
( Bm G D A )  
All that i want  
Is to Break the Walls you raised  
But your silence is enough to drive me crazy  
If you wanted to hurt me, you did  
If you wanted to see me cry, you did  
Can't you see, that all of this  
Will hurt you too  
Because i'm one with you  
Thats Who i am  
Because i'm one with you  
Thats Who i am  
Because i'm one with you  
Thats Who i am
