```
                            Cm7
But it's all the same
                   D
I could have foreseen
                      Em
That you would act like you are
            Cm7
Oh so cool you seem
                   D
Blending with that scene
                 Em
Wearing what you think is hard
              Cm7
Oooh, ah, ah, ah ay ya
                  Bm7
Oooh, ah, ah, ah ay ya
                 Em
Oooh, ah, ah, ah ay ya

         Cm7
I can see you struggling
                 Bm7
Boy, don't hurt your brain
                  Em
Thinking what you're gonna say
             Cm7
Cause everything's a game
               Bm7
Always trying to calculate
                  Em
Trying to look smart but not too smart
To threaten anything they say

              Cm7
Oooh, ah, ah, ah ay ya
                  Bm7
Oooh, ah, ah, ah ay ya
                 Em
