

Banners - Heads and Tails

tom:

D

Home on the second floor Gbm

Where it's crystal clear G

It's the light you get D

From a burnt-out chandelier

And the air is cold Gbm

It's coming through the door G

But I got you so darling I'm staying here

With everything, you never really know Gbm

Whenever there's a trouble on the road G

Wherever you go that's where I'll go-oh-oh

All you hear is emptiness and noise Gbm

Hanging on the fall of a coin, I'm here G

Whatever you choose, I'll be with you-oo

G D

Don't lose your faith

It's all just heads and tails Gbm G

We'll turn and face D

Whatever comes our way Gbm G

It's all just heads and tails D

D Gbm

Hope, in your tired eyes

Fight against the tide G

Let it rise and fall and

I'll be here by your side

D Gbm

All I want to say

Is, we'll be ok G

'Cause we'll hold it together

Hold on together

Bm Gbm

Pushing on the wheel until it turns

'Cause everything is us against the world we're here G

Whatever you do I'll be with you

G D

Don't lose your faith

It's all just heads and tails Gbm G

We'll turn and face D

Whatever comes our way Gbm G

Em A

Darling take my hand

I need nothing more Em

We'll call it in the air A

And catch it as it falls G

G D

Don't lose your faith

It's all just heads and tails Gbm G

We'll turn and face D

Whatever comes our way Gbm G

G D Gbm
