tom:

B

From the second I saw you I've been falling

E B Gbm7

In that space between that moment and the ground

B Gbm7

My on fire imagination

E B

Your constellation is the only thing I think of now

E

I felt your light run through me

B

Now I'm dying to be

B Gbm7

Somewhere, somewhere, somewhere

E B

In your universe, in your universe

B Gbm7

Just wanna be somewhere, somewhere, somewhere

E B

In your universe, in your universe

B Gbm7

Well, I don't need to be you, your star in the center

E B

I just wanna circle 'round your world from time to time

B

Oh darling, if I could just hold you

Gbm7

I'd give it all to just know you

E

Leave it behind in a second

B

As long as you're there, I don't care

B Gbm7

Just wanna be Somewhere, somewhere, somewhere

E B

In your universe, in your universe

B Gbm7

Just wanna be somewhere, somewhere, somewhere

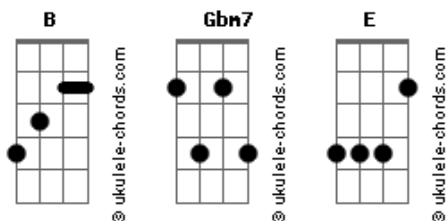

E B

In your universe, in your universe

B

I crashed back down and breathing hurts
