Bárbara Rocha - So Hard

```
Tom: D
Intro: 4x: D D

D       D           D                 D
 So hard to find somebody who completes you whole
D      D        D              D           G
 So hard to find a man who conquest you with a word
G              D   D  D  D
 And I found this ?word?

D       D           D                 D
 So hard to breath when a desire hold you tight
D      D        D              D          D         G
 So hard to breath if I needed and I could not treat you kind
G           D  D  D  D
 Treat you kind

     A              G
But I had you in my life
     A            G
And I had you by my side

Chorus:
D Em       G
   I feel guilty,  wrong
        A                 D
I did not want to lose you, baby
Em       G
 I feel ashamed
     A                 D   D   D   D
It wasn?t  my wish hurt you

D       D           D                 D
 So hard to find somebody who completes you whole
D      D        D              D           G
 So hard to find a man who conquest you with a word
G              D   D  D  D
 And I found this ?word?

     A              G
But I had you in my life
     A            G
And I had you by my side

Chorus:
D Em       G
   I feel guilty,  wrong
     A                    D
```

```
I did not want to lose you, baby
Em       G
 I feel ashamed
       A              D  D   D   D
It wasn?t  my wish hurt you

D                    Em
 I should confess
                              G
It wasn?t my intention, I swear
Look around
There?s no one like me
Who did everything to you
Who take the moon and bring for you
Em         G
 Forget the past
And let it go
 D
Sorry, I feel bad
Sorry, I beg you
 D                             Em
Give me a chance, please listen my heart
G
 I know
D
 I Know you, you know me
        D                          Em
So now you know you have to come back ?WE?
                       G                   D
But we were? we went? sorry, baby, I can?t
Don?t look back
 D            Em
Just walk and take my hand
          G       D     Em
I need you, I miss you?
          G       D     Em
I need you, I miss you?

    Em         G
My heart, my arms
 D
Miss you, baby,
 Em         G
My eyes, my mind
 D
miss you honey ... 2X
```
