

Bastille - Daniel In The Den

```
Tom: F
Moving along at a pace unknown to man
           Bb
Go go go go go
Go go go go
And you thought the lions were bad
Well they tried to kill my brothers
And for every king that died
Oh they would crown another
And it's harder than you think
Telling dreams from one another
And you thought the lions were bad
Well they tried to kill my brothers
And felled in the night
By the ones you think you love
They will come for you
And felled in the night
By the ones you think you love
They will come for you
Dreaming along at a pace you'll understand
          Bb
Go go go go go
No no no no no
And you thought the lions were bad
```
