

Bastille - These Streets

Tom: C

F C
These streets are yours you can keep them
Am G Am
I don't want them
F C
They pull me back and I surrender
Am G Am
To the memories I run from

F G Am
Oh we have paved these streets
F G Am
With moments of defeat

F C Am G
But even if we won't admit it to ourselves
F C G Am
We'll walk upon these streets and think of little else
F C Am G
But I won't show my face here anymore
F C Am G
I won't show my face here anymore

F C
These streets are yours you can keep them
Am G Am
In my mind it's like you haunt them
F C
And passing through I think I see you
Am G Am
In the shapes of other women

F G Am
Oh we have filled these walls
F G Am

With our mistakes and flaws

F C Am G
But even if we won't admit it to ourselves
F C G Am
We'll walk upon these streets and think of little else
F C Am G
But I won't show my face here anymore
F C Am G
I won't show my face here anymore

(F G Am)(x2)

F G Am
All that's left behind
F G Am
Is a shadow on my mind
(Oh a shadow comes upon a wall is silhouette and nothing more
but it's all that's left behind)
F G Am
All that's left behind
F G Am
Is a shadow on my mind

F C Am G
But even if we won't admit it to ourselves
F C G Am
We'll walk upon these streets and think of little else
F C Am G
But I won't show my face here anymore
F C Am G
I won't show my face here anymore
F C Am G
I won't show my face here anymore
F C Am G
I won't show my face here anymore
