

Beach Bunny - Sports

tom:

G

If you feel lonely, I could be lonely with you

Tell me baby, why do you seem so blue?

Why are we so complicated?

Maybe love is overrated

I'm tired of waiting, I was never good at sports

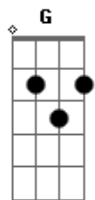

Save the games for the girls on the tennis court

Say you need me, but lately, you feel unsure

Come on to me, come on to me, I need more

If you feel broken, promise I won't break your heart

If you shatter, I won't let you fall apart

Why are we so complicated?

Love's a word I've always hated

I'm tired of waiting, I was never good at sports

Save the games for the girls on the tennis court

Say you need me, but lately, you feel unsure

Come on to me, come on to me, I need more
