Beach House - Space Song

```
                            tom:
                         D

                 D                Bm
   It was late at night
                 Em   A
You'd held on tight
D              Bm
  From an empty sea
           Em   A
A flash of light

D                 Bm
  It will take awhile
           Em
To make you smile
                    A
Somewhere in these eyes
                D    Bm Em
I'm on your side

                 A
You wide eye'd girl
            D   A
You get it right

Bm    A    Em G   D   Gbm
Fall back into place
Bm    A   Em G   D
Fall back into place

( Bm   Em   A )
( D   Bm   Em   A )

D                 Bm
  Tender is the night
           Em   A
For a broken heart
D                 Bm
  Who will dry your eyes
```
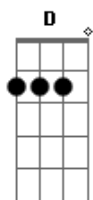

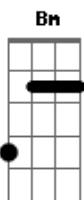

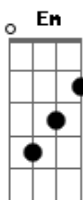

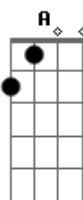

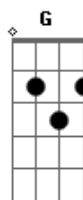

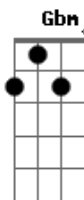

```
                     Em   A
When it falls apart

D                  Bm            Em
  What makes this fragile world go 'round?
                         A
Were you ever lost
              D    Bm Em
Was she ever found?
                    A
Somewhere in these eyes

( D   Gbm )

Bm    A   Em G   D   A
Fall back into place
Bm    A   Em G   D   A
Fall back into place
Bm    A   Em G   D
Fall back into place
                 A
Fall back into
Bm    A   Em G   D
Fall back into place
                 A
Fall back into
Bm    A   Em G   D
Fall back into place
                 A
Fall back into
Bm    A   Em G   D
Fall back into place
                 A
Fall back into
Bm    A   Em G   D
Fall back into place

Fall back into
Bm    A   Em G   D
