Beady Eye - Back After The Break

```
Someone else's days begun
                                           C)
 (com acordes na forma de
Capostraste na 2ª casa
                                                            Where you headed now - to where your head is at?
Intro: Am Am C
                                                             If you get there darlin' I'll leave it all at that
Here come my world view on love
                                                            But 'til you do,I'm there for you
Here come my push come to shove
                                                            Yes it's true
This life, don't know why we try
                                                            Refrão:
Where is my wish coloured sun?
                                                                            G Am G
                      C C7 F
                                                             In this scene do I fall right here?
Beaming me up with just one more smile
                                                                         G Am Am C Am
                                                            It's not been my close up after all
Don't know where or why
                                                                           G Am G
                                                             In this scene do I fall right here?
Refrão:
               G Am G
                                                            Or walk tall?
                                                                          Am C Am
In this scene do I fall right here?
                                                            E Am Am C
Walk tall, walk tall
                       Am Am C Am
         G
It's been my close up after all
              G Am G
                                                             (F G Am G F)
In this scene do I fall right here?
Or walk tall?
                                                            That's all
E Am
Walk tall, walk tall
                                                            That's all
                                                                 Am C Am
                                                            That's all
Ring out church bell number 1
                  C C7 F
                                                             (Am \quad Am \quad C \quad Am)(x3)
```

2,3,4,5 And then some

Acordes
