

Bear's Den - Crow

tom:

Intro: E Bm D A

[Primeira Parte]

I think of you much more than
I would like to admit that I do before strangers
But there you are

Whistling through the trees again
Rustling trough the leaves my friend

A feather on my pillow lets me know that you're near

[Segunda Parte]

I remember the night that you arrived
December maybe '95
Your hair and your breath smelled of John Player Specials
A stranger who I learned to love
A friend when really no one was
My Daedalus, my wings to fly
Why'd you leave me behind?

[Refrão]

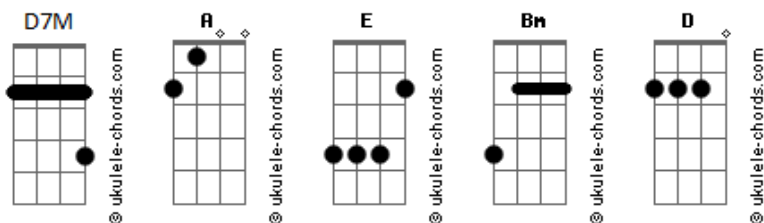

My beautiful crow
And all those black feathers perched deep in my soul
Won't let me, let you go

[Terceira Parte]

I never really thanked you for all the light
You brought into my mother's eyes
So many others tried
Her sadness since the day you left
She will not get out of bed

A

Acordes

She stares out the window, smokes a black pack of JPS

[Quarta Parte]

I was out on St. Paul's when I heard about your fall
Walking with Caroline, she burns smokes from time to time
I walked home alone that night
I could feel you when I closed my eyes
I looked up into the night and watched black feathers fall
from the sky

[Pré-Refrão]

I think of you much more than I'm allowed to admit
But I do, I still do

[Refrão]

My beautiful crow
And all those black feathers perched deep in my soul
Won't let me, let you go

[Ponte]

I have tried to push you down
I have tried to cut you out
You're rattling your cage
I'm rattling my cage
I have tried to drown you out
Drink till I don't hear the sound
The song's still the same
The song's still the same

[Refrão]

My beautiful crow, and all those black feathers
Perched deep in my soul
Won't let me, let you go

[Final] E Bm D7M A E
