## **Beartooth - The Lines**

```
When I tell you I'll be fine \ensuremath{\text{\textbf{I}}}
  Versão Simples (clean)
                                                                  I still want you by my side
                                                                  Please just try to read between the lines
Am I the son in or out of law
                                                                  Where's my comfort in the undefined
How many chances do I get before my head explodes
                                                                  Please just try to read between the lines
What's going on
                                                                  What is the poison inside of me
What's going on
                                                                  The sickness in my head
When I look into the mirror there's another gun
                                                                  Put me to sleep while I find a cure for the sickness in my
                                                                 head
When I tell you I'll be fine
                                                                 D C G C C D C G C D C D C G C C D C G C D C ( notas)
I still want you by my side
                                                                 We are the sons
                                                                  We are the daughters
Please just try to read between the lines
                                                                  The generation of disorder
Where's my comfort in the undefined
                                                                  What is the poison inside of \operatorname{me}
Please just try to read between the lines
                                                                  The sickness in my head
( D )
                                                                  When I tell you I'll be fine
If I'm your son do you hear my call
                                                                  I still want you by my side
Even if everything I touch will slowly turn to stone
                                                                  Please just try to read between the lines
                                                                              Bb
What's going on
                                                                  Where's my comfort in the undefined
What's going on
                                                                  Please just try to read between the lines
When I look into the mirror there's another gun
                                                                  D C G C C D C G C D C D C G C C D C G C D C ( notas)
