

Beast In Black - Ghost In The Rain

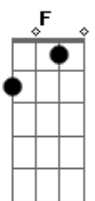

Tom: F

m
You're here again
Before my eyes
A ghost within a dream
Things that you do and say
Just kill me every time
Is this how ... how it will stay
By the river I walk and wander on
I'm a warrior ... on a journey home
Will you show me the way to you once more
Always yours, ghost in the rain
I wish I could undo
My great mistake
And say the words unsaid
Obsession grows like flames
Time only makes it worse
It hurts ... yet I'll be strong
By the river I walk and wander on
I'm a warrior ... dreaming of lost love
Will you open the door to me once more
Always yours, ghost in the rain

The wind will bring a gentle storm
Under the pain for more
Facing my destiny
A neverending story
Survivor is ... coming home
By the river I walk and wander on
I'm a warrior ... on a journey home
Will you show me the way to you once more
Always yours, ghost in the rain
By the river I walk and wander on
I'm a warrior ... dreaming of lost love
Will you open the door to me once more
Always yours, ghost in the rain
In the rain
In the rain
In the rain
