

Beatrice Miller - Burning Bridges

Tom: **G**

Verso 1:

Em
I've been lonely, missing your body
C
You've been out of touch, you're so far away
Am
Wishing you would tell me you're sorry
D
And you know you made a big mistake

Verso 2:

Em
Close my eyes and try to forget you
C
Every time I do, I just see your face
Am
And after all this shit that we've been through
D
Why are you so willing to walk away?

Refrão:

Em **C**
I don't know why I stick around to watch you burn our bridges
down
Am
I can't help it that I need you
Em **D**
I can't help it that I need you
Em **C**
Now I'm drowning underneath the water that was under me
Am
I'm still screaming that I need you
D
I can't help it that I need you
Em **C**
Burn the bridges, burn them down, down, down, down, down
Am **D** **Em**
Burn the bridges, burn them down, down, down, down, down, down

Verso 3:

Em
You left me with a craving I can't fill

Tell everyone I'm fine, but I'm still

Sitting here, choking on the aftertaste
