

Beau Bristow - Sign Me Up

tom:

Intro: Bb Gm A
Bb Eb Ab

Bb Gm Ab
"What am I doing here?" Says an inner voice, that reads my choice
Bb Eb Ab
And adds aside, that I've lost my mind, cause my class
Was left but I turned right
But I've seen her here before
So will she show in time to justify, what's sure to buy
Me tardy number four
Cause all I need's a smile and "hi"

[Refrão]

Ab Eb Bb
And I'd go wherever you'd take me
I'm with you to anywhere at all
Your tears could never escape me
I'd be there to catch them as they fall
The glass shoe fits, and I'd prove it
Cause my heart will always have enough
So if you need someone to love you
Baby just sign me up
(Bb Gm Ab)
(Bb Eb Ab)

Bb Gm Ab
I get a phone call, and my heart skips two, so I know that it's you
Saying the day gone by needs a cookie-bakin' night, and

You've got some left
If I want they're mine
So I drop by, and it's getting late, still got a lot to do
But you're looking so cute, in your pink pajama suite
That I just can't help but stay
Then I see the rain drops in your eyes, your big brown
Eyes and I know that

[Refrão]

B Bbm Bb Ab
So tell me where do I apply, to be the man that I don't
See here by your side
Won't you show me, show me, the dotted line

[Refrão]

Ab Eb Bb
And I'd go wherever you'd take me
I'm with you to anywhere at all
Your tears could never escape me
I'd be there to catch them as they fall
The glass shoe fits, and I'd prove it
Cause my heart will always have enough
So if you need someone to love you
Baby just sign me up
