

# Bebeth Nascimento - Força de Viver

tom: E

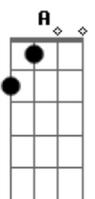

Viver em paz  
 É uma seta, é uma meta  
 Que o samba traz  
 E o poeta desperta da solidão  
 Com a inspiração  
 Da beleza do mundo  
 Eu quero é mais  
 Que as pandemias, as pragas  
 E os temporais  
 Tragam a sabedoria dos ancestrais  
 Força de viver, sem nunca esquecer

Que essa vida é uma guerra  
 Amor vem cá  
 Se a maldade impera  
 Vamos lutar  
 Por uma humanidade melhor  
 Onde o povo possa cantar  
 Sem a garganta a dar nó  
 Com tanto a comemorar  
 Pelos filhos e pelos avós  
 Com a benção dos orixás  
 Quando esse dia chegar  
 Vocês vão se lembrar de nós
