

Beck - Pressure Zone

Tom: **Db**

Ab Gb Db Db

The countryside is overgrown, there's a lighthouse in her soul
Wrestling with butcher girls, she don't ever change her clothes

Cherry gardens feel like ice, hazard lights from her past
Underneath the broken bridge, hookers hug illegal dads

Ab B Gb F

Masterpieces liquidate in fertile tears, I could sleep inside
her bones a hundred years

Db Bb

Lizards in the pressure zone, mother knows it's only a phase
