

Bee Gees - Give a Hand Take a Hand

Tom: C

G D

I wish the world was run

by all the little children

We could be happy once again

We won't hurt

when we're like little children

And we won't ever feel the pain

Now when my fight

for life on earth is over

And I leave 'cause I can't stay

All my love

belongs to you hereafter

And we'll all join hands another day

D Em D

Ev'rybody's got to give a hand

Ev'rybody's got to take a hand

Ev'rybody's got t fall in love, yeah

G D Em D

To make ev'rybody understand

Ev'rybody's got to give, take a hand

I love you , yes I do

I told you a million times now
Now do you believe the words I say

All my love

belongs to you hereafter

And we'll all join hands another day

D Em D

Ev'rybody's got to give a hand

Ev'rybody's got to take a hand

Ev'rybody's got t fall in love, yeah

To make ev'rybody understand

Ev'rybody's got to give, take a hand

Ev'rybody's got to give a hand

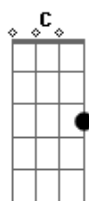

Ev'rybody's got to take a hand

Ev'rybody's got t fall in love, yeah

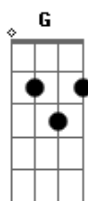

To make ev'rybody understand

Ev'rybody's got to give, take a hand
