

# Bee Gees - It Doesn't Matter Much To Me

Tom: **E**

Intro: **E Gbm E**

Hello angel, do you know me, I'm your man  
 Would that be hard for you to try and understand  
 I've been looking forward to this day, for so so long  
 Could lovin' you, be so so wrong

Refrão:

It doesn't matter much to me  
 Baby, I've been hurt before  
 Don't you ask me why I'm here  
 Back and knockin' at your door

Do you remember, Do you remember all the nights

And all the love we went through

Well you know, maybe I thought you had some left over

Could I mean that much to you

(Refrão)

Now open up your arms and take me

Make me love you till I die

You wouldn't have me when I was a young man

But tonight I'm gonna try

(Refrão)

( **E G A C** ) (8x)

## Acordes
