

Bee Gees - It Doesn't Matter Much To Me

Tom: **E**

Intro: **E Gbm E**

Hello angel, do you know me, I'm your man
 Would that be hard for you to try and understand
 I've been looking forward to this day, for so so long
 Could lovin' you, be so so wrong

Refrão:

It doesn't matter much to me
 Baby, I've been hurt before
 Don't you ask me why I'm here
 Back and knockin' at your door

Do you remember, Do you remember all the nights

And all the love we went through

Well you know, maybe I thought you had some left over

Could I mean that much to you

(Refrão)

Now open up your arms and take me

Make me love you till I die

You wouldn't have me when I was a young man

But tonight I'm gonna try

(Refrão)

(**E G A C**) (8x)
