

Bee Gees - Lay It On Me

Tom: E

Don't you drink with me 'cos you know that I'm a loser.
 And I'm proud of that fact as you can plainly see.
 Never did what people said. I should've.
 I'm just a low down critter who never did any good.
 I'm just a low down critter who never did any good.
 I spend my life working up a sweat to be a bad boy.
 Getting girls into trouble ev'ry day.

Going from town to town . Now I tell you I've been around.
 I'm just a low down critter who never did any good.
 I'm just a low down critter who never did any good.
 Lay it on me .. yeah...
 Don't you drink with me 'cos you know that I'm a loser.
 And I'm proud of that fact as you can plainly see.
 Going from town to town . Now I tell you I've been around.
 I'm just a low down critter who never did any good.
 I'm just a low down critter who never did any good.
