Don't look at me as if you don't remember me at all
E
There was laughter, there was pain
Gbm
But I won't make the same mistakes I made

You are too beautiful to me

I hide my tears inside the rain

Am I the soul you cast your spell upon
Abm Dbm
I had control and now it's gone

Or are you someone who controls my heart and mind

And I will never say a word

And I will never say goodbye
