

Bee Gees - Miracles Happen

Tom: D

^{Em}
Miracles happen,

you know miracles happen.^{Bm}

^{Em}
Miracles happen,

you know miracles happen.^{Bm}

^D
If we just try

we can put it back together, you and I.^{G Gbm}

And all the bad is blown away.^{Bm Em}

I never said goodbye.^{G D}

^G
Is the writing on the wall

that makes you see.^{Gbm}

And it's the saviour of my soul.^{Bm}

And what I say that must be heard^{Em}

with love in every word.

^{D A}
Close your eyes, don't let go,

^{Bm Gbm}
don't get lost in the falling snow.

^G
Always out of place alone,

^A
with someone you're not sure of.

^{D A}
Broken wings don't arrive.

^{Bm Gbm}
It's a storm but you still survive.

^G
It's gonna take a miracle.

^{D A}
So I go around believing you.

^{Bm A}
I say good night, stay forever and

^G
nobody knows how much

^A
I pray for you at night.

^{Em}
And miracles happen,

^{Bm}
you know miracles happen.

^D
And yesterday

^{G Gbm}
there was nothing in my life worth living for.

^{Bm Em}
You were there and I was born,

^{Em}
the very strength to carry on

a miracle has come.

^{E B}
Hold on tight, call my name,

^{Dbm Abm}
don't get caught in the midnight rain.

^A
Part of me believes in you,

^B
you're someone I'm not sure of.

^{E B}
Don't look down, I'll be there,

^{Dbm Abm}
like the wind in the cold night air.

^A
I can see a miracle.

^{E B}
And through it all we rise and fall,

^{Dbm B}
tear it apart and stay forever.

^A
And I know where heaven is

^B
and somewhere in between

^{Em}
miracles happen,

^{A Em}
you know miracles happen.

^A

^{Em}
Red, blue, black and white.

True light shine on anyone.

Two hearts make it right.

A
And all that love can change.

And I know where heaven is

and somewhere in between

miracles happen.
