

Bee Gees - Wish You Were Here

Tom: G

(com acordes na forma de

You're living your life
In somebody else's heart
My love is as strong
as oceans are far apart.

A summer song
keeps playing in my brain,
and I feel you
and I see your face again.
There's no escape,
I lost everything
in losing you.

Ah I wish you were here,
drying these tears I cry.

They were good times
and I wish you were here
and calling my name,
but you're dealing with a man insane, the cost,
how hopelessly I'm lost,
I tried to throw our love away
and I can't let go.

And so I awake
in somebody else's dream.
(It's not what it seems)
It's only a lie,

I've yet to decide who's real.

The blood red rose will never never die,
it'll burn like a flame
in the dark of the night.
I'm not afraid,
I'd give everything
if you hear me there.

Ahh I wish you were here,
drying these tears I cry.

They were good times,
it's that time of year
for being alone
but you're dealing with a heart of stone,
try to kiss and say goodbye,
try to throw our love away
and that storm will blow.

Ooooh Wish you were here.
Ooooh Wish you were here.

'Cause you're dealing with a heart of stone,
try to kiss and say goodbye,
try to throw our love away
and I can't let go.

They were good times
and I wish you were here,
yes, I wish you were here.
in somebody else's heart.
