

Bee Gees - With my eyes closed

Tom: G

Em
Say you never send me away.
Making me a memory and
telling me to find me a life

Bm
change, there's no changing,
Em Bm
what cannot be changed.

Em
And you are witness to a silent conversation.

Em
Nothing but the black of night.
No-one ever takes your place.

Bm
Gotta let the pantomime play.
Em Bm
Not to worry, my tele pathy.

Em
I bring you into me, there's be no separation.

Am
And I tell you
Em
I will climb inside your world,
Am
and at the dawn of history
Em
I was born to find this girl.

Bm Em
And I can see you with my eyes closed.
Bm
I can feel you when you're near me.

B7
Am
Just the knowing that you
hear me, could be,
Em
you could measure my love.

Bm Em
I can touch you with my hands tied (words of love).
Bm
It don't take no extra feeling (you won't believe).

B7 Am
Let your imagination, just run (take a hand).
Em
You can measure my love.

C
And they tell you
D Em
they can stop those tears you cry.

C D C
And we can ride that storm together,
D Em
and all the love that lasts forever,
Bm
and forever and forever.

Em
Cling to the vine and the vine never breaks.
It's a message from a ship to shore.
For the soul and the sacrifice,

Bm
pain.

Em Bm
There's no fury like a woman scorned.

Em
We could be victims of a lethal combination.

C
It's the hour.

D Em
It's the sword that hides the stone.

C D C
And one of us holds the power
D Em
there to forge our hearts together,
Bm
here forever and forever.

Bm Em
And I can see you with my eyes closed.

Bm
I can feel you when you're near me.

B7
Am
Just the knowing that you
hear me, could be,
Em
you could measure my love.

Bm Em
I can touch you with my hands tied (words of love).

Bm
It don't take no extra feeling (you won't believe).

B7 Am
Let your imagination, just run (take a hand).

Bm Em
You can measure my love.
