

Beeshop - The Famous Italian Dairy Brand

Tom: **D**

I threw my life away
 I bought a ticket straight to Rio
 So how can you say I don't want you?
 I messed your mind that day
 when I said your love wasn't real
 So how can you say that we don't belong to each other?
 So how can you say it was my fault?
 YOU've let it go
 YOU've let it go
 So how can we go back to the start?
 YOU've let it go
 YOU've let it go
 YOU've let ME go

(We're not pointless)

I am running all alone
 to prove that you were wrong
 I've got no regrets at all
 I want you and I'd do it all again!
 You are talking on the phone
 Telling me our love is gone
 I've got no regrets at all
 I want you and I'd do it all again
 (D)
 You were talking on the phone
 telling me our love was gone
 And I yelled at you, yelled at you
 And you said you were having fun
 Ending what's never begun
 And I yelled at you, yelled at you
