(G C Em D C D) 2x

G You're right, you wanna be
 C this far away from me
 D I always treated you nice, but not tonight D

G You're right, you'll never see
 C a meaner guy than me,
 D but now I swear not to do you any harm D

Em If someday you think I deserve
 C to have you in my arms again,
 D you know my number and my address

Em If someday we ever fall in love,
 C would you promise to forget the things
 D i've done when i was out of my head?

C Believe in me...
 G when I say that I'd do anything to be again C

(inside your heart)

Em the box where you keep memories alive,
 D when I say I'd rather die than be only a friend
 C (back to the start)

Em I promise not to do you harm again!
 D

G C I'm sorry, I'm sorry (2x)
 Em D C D

Em Remember when I said I wish I had
 C a little paper box to keep you in,
 D so I could see you everyday and night?

Em But now it feels like
 C there is nothing left inside,
 D and I know this song won't bring you back
 Believe me...

G When I say I'd rather die
 C When I say I'd rather not no cry
 Em When I say please, forgive me
 D Please, forgive me
