

Beetle Juice - No Reason

Tom: **G**

Gb
The universe
Is more than just space with no end

La-la-la-la-la!
Just think of the universe as a female best friend

Abm
And you can be like

B
Hey, Universe, what's happening, girl?

Gb
And she'll be like
Oh, nothing - just running the world

Abm
And you'll be like What?

B
And the universe will be like, I know!

Ebm
You're on the right track, girl
I got your back, girl

Db **B**
I'm helping you grow

Abm
Think positive
Act positive

B **Db**
You are a child of the Earth!
Life-coaching!
Nailing it!

Gb
Time to take command
You dictate the hand
The universe deals
Look!
Science makes no sense
Who needs evidence?
Go with your feels

Abm
I'm like a radio

B
Tuned to the stars

Db
I found my frequency
Crystals speak to me

What are they saying?

Buy more crystals!

Gb **Ab**
Everything, everything happens for a reason

B
Be a beacon of light in the world

Gb **Db**
Put a little alright in the world

Gb
There is spiritual guides above

Ab
Look up and see 'em!

B
Perception is reality

D **E** **B** **Dbm**
Just listen to the melody the universe sings

Gb
'Cause everything- everything happens for a reason

Gee, I hate to break it to you

F

The universe is just the contents of time, matter and space
Ninety-one billion light-years across and the Earth's a small place

G
Where good people die

No
Yeah

Bb
In famine and wars

F
The Pacific Islands are sinking
But negative thinking is hardly the cause

F **Gm** **Bb**
You think life is all unicorns and rainbows 'cause you're bored

Dm **F** **C** **Bb**
And positivity is a luxury that few can afford

Gm
We're gonna die
Yes, you and I

Bb **C**
In meaninglessness and alone

No no no!

Gm

No!

Dm **C** **Gm**
One day you may wake up alone

Dm **C**
'Cause your husband and his boyfriend bought a boat

Eb
And then they sailed away to Rome

That's specific

Bb
So you cry yourself to sleep in deep despair

Am
Talking to the walls 'cause there's no one there

B
And you have to buy a cat

Ebm
'Cause that's your last chance to have a family

F
Take it from me!

Bm
That your aging ass will have to believe that!

F **Gm** **G**
Everything- everything happens for a reason

Bb
Put some more fun in the world

F **C**
A little, I am still young, in the world

F **G**
Be prepared to take your eggs and freeze 'em

Is this still about me?

Eb
'Cause everything- everything happens

Sounds like terrible things can happen

C7 **C**
Because the universe is random

Yes, but

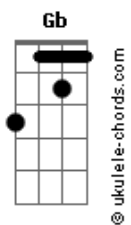

F
Random for a reason!

No reason
