

# Beícoli - My Destiny

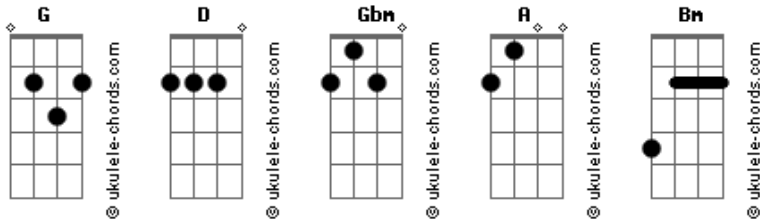

tom:  
G (forma dos acordes no tom de D )  
Capostrate na 5ª casa

I would go up to the red mountain  
Up that dusty road where you can see  
All the stars that point you to the river where  
If you are quiet maybe you can hear

What's your destiny?  
I'm too afraid to ask, too afraid to see  
What's my destiny?  
I'm too afraid to ask too afraid to feel  
What's my destiny?  
I'm too afraid to ask too afraid to hear  
What's my destiny?

What if there's no red mountain

## Acordes

And everything is lies you said to me  
Drowning in the sea of what is real  
If I can't trust you, I don't wanna hear

What's my destiny?  
I'm too afraid to ask, too afraid to see  
What's my destiny?  
I'm too afraid to ask too afraid to feel  
What's my destiny?  
I'm too afraid to ask too afraid to hear  
What's my destiny?

I would go up to the red mountain  
Up that dusty road where you can see  
All the stars that point you to the river where  
If you are quiet maybe you can hear  
What's my destiny?
