

# Beirut - Goshen

tom:  
Capostrate na 3ª casa

**G**  
You're on in five

**G**  
They've gone before

**C** **D**  
Stood by your door all day

**G**  
For what it's worth

**C** **D**  
Defend your kind from shame

**G**  
The lights are down

**C** **D**  
Go on inside, they've paid

**G** **C** **D**  
You're the face in stone

**G** **C** **D**  
Through the land I own

**G** **C** **D**  
You never found it home

**G** **C** **D**  
You're not the girl I used to know

**G** **C** **D**  
What would you hide from such a glow

**G** **C** **D**  
If I had only told you so?

**G**  
You're on in five

**G**  
They've gone before

**C** **D**  
Stood by your door all day

**G** **C** **D**  
But you never found it home

**G** **C** **D**  
A fair price I'd pay to be alone

**G** **C** **D**  
What would you hide from such a glow

**G** **C** **D**  
If I had only told you so?
