Intro: Am Em C F

Am Em
Ever away from seeing more than life
F C
The morning lies miles away from the night
Am Em

No man ever could steal her heart
F C
But with bright gold coins, I'll take my shot
And all it takes to fall
If you don't walk, might as well crawl
All it takes to fall
What a quiet world after all
Of the things that you guessed will come
What a moment it was after all
