

Belchior - Tudo Outra Vez

tom:

Intro: F C Dm Am
Bb Gm C F C

[Primeira Parte]

Há tempo muito tempo que eu estou longe de casa

E nessas ilhas cheias de distância

O meu blusão de couro se estragou

Ouvi dizer num papo da rapaziada

Que aquele amigo que embarcou comigo

Cheio de esperança e fé, já se mandou

Sentado à beira do caminho pra pedir carona

Tenho falado à mulher companheira

Quem sabe lá no trópico a vida esteja a mil

E um cara que transava à noite no "Danúbio azul"

Me disse que faz sol na América do Sul

E nossas irmãs nos esperam no coração do Brasil

[Refrão]

Minha rede branca, meu cachorro ligeiro

Sertão, olha o Concorde que vem vindo do estrangeiro

O fim do termo "saudade" como o charme brasileiro

De alguém sozinho a cismar

Gente de minha rua, como eu andei distante

Quando eu desapareci, ela arranhou um amante

Minha normalista linda, ainda sou estudante

Da vida que eu quero dar

[Solo] Gb Db Ebm Bbm B Db Ebm Db7
Gb Db Ebm Bbm B Db Gb Db

[Segunda Parte]

Até parece que foi ontem minha mocidade

Meu diploma de sofrer de outra Universidade

Minha fala nordestina, quero esquecer o francês

E vou viver as coisas novas, que também são boas

O amor/humor das praças cheias de pessoas

Agora eu quero tudo, tudo outra vez

[Refrão]

Minha rede branca, meu cachorro ligeiro

Sertão, olha o Concorde que vem vindo do estrangeiro

O fim do termo "saudade" como o charme brasileiro

De alguém sozinho a cismar

Gente de minha rua, como eu andei distante

Quando eu desapareci, ela arranhou um amante

Minha normalista linda, ainda sou estudante

Da vida que eu quero dar
