 In the summer all the hikers hike out for the highest peaks
 All the children watch the cricket and they never wash for weeks

 (after the C I just fret the B string at the
 ok)

They're tearing up the streets
 I'm in love with every girl I meet
 The gasman loves
 the street
 He loves to drill
 He loves to think about
 E-0-2-3
 G Gbm Bm C
 his girl
 The sun is melting half the street

In the summer all the workers head out for the sandy beach
 Stay together in all weather
 Entertainment through your
 grief
 Communities of prejudices travel on the train
 The upperclass will have to pass the chance up of a knees-up
 E-0-2-3 G Gbm Bm C
 with the gang
 Your record profits will buy you an
 island

 There's a jigsaw with a picture, all the country as a map
 Kiers hiking, cyclers cycling, if I go
 I'm not coming back

I'm all in love with all the
 girls I meet, the hardcore summer kind
 Kitchen porters,
 budding painters, whiskey touring guides
 E-0-2-3 G Gbm Bm C
 In the rain
 all your plans will fade
 You'll be left with the
 jigsaw
