

# Belle Mt - Hydra

Tom: **Bb**

Intro: **Bb**

**Bb**

Love of mine

Hydra calls you home

With every word and every line

We never really own

You're the guide

The parts that make the sum

No constellation ever shined

Like Hydra now you're gone

**Eb**

These boats, will carry us

'til these waves, deliver us

To bodies, we once knew

Now we're almost older

Take me back to Hydra

Give me back my youth

**Eb**

Take me back to Hydra

To bring me home to you

**Bb**

Crystallised

Footprints at the door

Still leave a sound I recognise

Of a friend I knew before

**Eb**

These boats, will carry us

'til these waves, deliver us

To bodies, we once knew

Now we're almost older

Take me back to Hydra

Give me back my youth

Take me back to Hydra

To bring me home to you
