

Ben Caplan - 40 days & 40 nights

Tom: C

VERSE:

Am I've been out in the desert I have wondered out throught the sands
 Am I've been burned I've been thirsty I've walked with the devil through dangerous lands
 Am I have seen with my eyes images I wish I could erase
 Am I've danced with lady temptation I felt the fire I have seen her face
 G weell I can't make it I won't last another day
 G hmmm cause each day is torture, baby each day is torture when you're away
 G I can't see without you my lover my partner my friend
 E And now that you're gone each moment so long I can't wait till you come back again

oohhh

CHORUS:

Am I've been missing my woman 40 days and 40 nights
 Am I've been missing my woman 40 days and 40 nights
 Am I have been missing my woman 40 days and 40 nights
 Am I've been missing my woman 40 days and 40 nights

VERSE:

Am On the other day heardsomebody say he didn't believe true love exist anyway
 Am On the other day awww heard that same man say that any man is a liar who says he desires
 Dm to be with one woman the rest of his days

G weellll I don't know how the future is going to unfold
 G hmmm and I don't know just how we're gonna feel when we get old
 G but there's one thing baby honey one thing I'm certain it's true
 E I have tried it out, I can't do without no, I don't want to live without you

CHORUS:

Am I've been missing my woman 40 days and 40 nights (3x)

VERSE:

Am I've lost out at sea rocked the boat felt the sting of the rain
 Am I was surrounded by couples I felt loneliness I could never explain
 Am I have felt in my heart the flood of despair overtake
 Am not knowing for sure if I could endure overwhelmed by the value of what was at stake

G weellll I can't make it I won't last another day
 G hmmm but each day is torture, baby, each day is torture when you're awaaaays
 G I can't do without you my lover, my partner, my friend
 E And now that you're gone each moment so long I can't wait till you come back again

CHORUS:

Am I've been missing my woman 40 days and 40 nights (3x)
