

# Ben Harper - Faithfully Remain

Tom: E

(intro)

A E A E A E B  
I learned to say goodbye, to say goodbye too young  
A E A E  
I learned to duck from words  
A E B A  
like bullets from a gun  
  
A Dbm B E  
how long can you pray, how long can you pray  
E A  
and still not see a change  
Dbm B A A  
I faithfully remain, faithfully remain  
  
A E A E  
some things, some things  
A E B  
you have to let be lost  
A E A E  
some battles, some battles  
A E B A  
you have to leave unfought  
  
A Dbm  
then the truth just wastes away

Dbm B  
in all we dare not to say  
E A  
and in all we can't explain  
Dbm B A A  
but I faithfully remain, faithfully remain

( Dbm E A E Dbm B A )

A E  
Now I'm afraid  
A E A E  
once again, once again  
A B  
it has come to this  
A E  
when it all goes dark  
A E  
nothing stays the same  
A E B A  
now I'm only what I miss  
  
A Dbm  
and my memories  
Dbm  
they turn to tears  
B E A  
they turn to fire blood and pain  
Dbm B A A  
and I faithfully remain, I faithfully remain  
Dbm B A A  
and I faithfully remain, I faithfully remain E
