

Ben Harper - Please Me Like You Want To

Tom: **A**

Violão 1
Intro: and Chorus:

Verses:

Solo:

Violão 2

E D A
Don't do me any favors
matter of fact why don't you
do yourself a few

your presence ain't nobody's blessing
I've got plenty of other things
I could do

E D A
oh no, not another excuse
your tired silly games
for me are just no use

E D A
and now it's plain for me to see
you're with somebody
that you don't want to be

REFRÃO:

E D A
so won't you
please please me like you want to
not like like you have to
or won't you just go on and leave me
you know leaving me is the least that you could do
you know leaving me is the least that you could do

(E D A)
you could have spared me
so much misery
and told me you just wanted
a friend

E D A
believe me there is a difference
when you mean it
and when you pretend

(E D A)
or was I just your habit
cause I know a habit
is a hard thing to break

E D A
but won't you spare me
a little mercy
there's only so much
so much that I can take

REFRÃO:

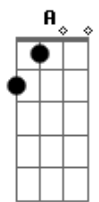

E D A
so won't you
please please me like you want to
not like like you have to
or won't you just go on and leave me
you know leaving me is the least that you could do
you know leaving me is the least that you could do
i said leaving me is the least that you could do

IMPORTANTE!!!

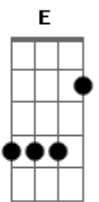

Na parte do " **E D A** " vc terá que dobrar o tempo de um dos acordios.
Fassam assim, ora dobrem o tempo do E, ora dobrem o tempo do A!
E também fassam os acordios com pestana! Com essas dicas ela vai ficar ótima!

Espero que gostem da cifra.
